

For Immediate Release
Bend, OR - July 27, 2007

The Aqua-Fur, a super travel bowl for your pets at home and ... not at home. Tazlab is a pet safety innovator specializing in collars, leashes, bowls and functional, well-designed accessories.

-Tazlab (www.tazlab.com), announces the Aqua-Fur.

Aqua-Fur Bowl

This supremely pack-able bowl is guaranteed to never, ever, never wet out. Made of human food grade material, the Aqua-Fur is dishwasher safe and impervious to hot or cold. You can feel secure in knowing your pet is not digesting anything unintended, when drinking or eating out of the Aqua-Fur. This patent pending drooly dream is multi-functional and performs as well at home as on the road. Debuting in four sumptuous colors, the Aqua-Fur will wet the appetite of even the most sophisticated canines.

Tazlab is about merging safety and fashion into functional products. Tazlab is most widely recognized for their safety collars. Created in response to story after story of dog owners tragically losing their pets from collar strangulation, Tazlab offers people a simple and practical solution to this unnecessary risk.

Tazlab's innovative Aqua-Fur bowls, Safe-T-Stretch collars, Slide Tech leashes and accessories are online at www.tazlab.com.

Tazlab - *for life with dogs™*
